If you require the assistance of auxiliary aids or services to participate in or attend the meeting because of a disability, please call the office of the Board at 515/281-5157.

The times given for discussion of agenda items are approximate times and are intended to serve only as a general guide. The actual time of the discussion of each agenda item may occur earlier or later than the stated time.

\*This portion of the meeting may be conducted in closed session to discuss confidential matters that may concern examination information, peace officers' investigative reports, attorney records related to litigation, patient records and reports on the condition, diagnosis, care or treatment of a patient, or investigation reports and other investigative information which is privileged and confidential under the provisions of Sections 22.7(2), 22.7(4), 22.7(5), 22.7(9), 22.7(19), and 272C.6(4) of the 2009 Code of Iowa.

These matters constitute a sufficient basis for the Board to consider a closed session under the provisions of Section 21.5(1), (a), (c), (d), (f), (g), and (h) of the 2009 Code of Iowa. These sections provide that a governmental body may hold a closed session only by affirmative public vote of either two-thirds of the members of the body or all of the members present at the meeting to review or discuss records which are required or authorized by state or federal law to be kept confidential, to discuss whether to initiate licensee disciplinary investigations or proceedings, and to discuss the decision to be rendered in a contested case conducted according to the provisions of Iowa Code chapter 17A.

Re: CRDTS National Dental Examination

At a meeting of the CRDTS Executive Committee, a motion was made to change the name of the CRDTS Dental and Dental Hygiene Examinations, used as a measure of clinical competency by over 35 states and jurisdictions, to "CRDTS, a National Dental and Dental Hygiene Licensure examination". It is a fact that the CRDTS Dental and Dental Hygiene examinations are recognized for licensure by more jurisdictions than any other regional dental/hygiene examining agency including WREB, CITA, SRTA, & NERB. After careful consideration, the CRDTS Executive Committee agreed that the name change was appropriate and reflected the true status of our examination. The motion was passed by unanimous affirmative vote of the Executive Committee. Our logo, web site, and official letterhead will be changed to reflect this decision.

Sincerely,

John C. Cosby, DMD  
CRDTS President

## University District Dental Society Medical Review Day

Patients see their dentists more often than any other health care professional. Each dental visit begins with a medical status review. The dental team should therefore remain up-to-date with respect to current trends in medicine, as well as remain knowledgeable about available resources.

### Objectives

Upon completion of the course, participants will be able to:

**Cite current trends in the diagnoses and treatment of select common illnesses, and thereby:**

- *encourage patients to follow prescribed regimens.*
- *recognize signs or reports which may warrant a physician referral.*

**Be aware of available health care services.**  
As members of the health care team as well as members of the community.

6 CE Credits – AGD and DANB  
Applications pending.

**Registration Begins at 8:00 and  
closes at 8:45 am.**

## IOWA PRESCRIPTION MONITORING PROGRAM

In accordance with Iowa Code Chapter 124, the Iowa Board of Pharmacy has established a program to collect prescription records of Schedule II, III, and IV controlled substances. This program was designed to provide authorized prescribers and pharmacists with information regarding their patients' use of controlled substances, to be as a tool in determining appropriate prescribing and treatment of patients without fear of contributing to a patient's abuse or dependence on addictive drugs or diversion of those drugs to illicit use. The program covers the entire state. The database contains controlled substance dispensing information for Iowa patients beginning January 1, 2008, and will maintain records for four years following the date of dispensing. Iowa pharmacies are required to report dispensing information to the program at least twice monthly.

All information contained in the PMP database, including records of requests for patient prescription history reports, is privileged and strictly confidential and is not subject to public or open records laws.

Authorized health care practitioners (prescribers and pharmacists) may, but are not required to, access PMP information regarding their patients' use of controlled substances to assist them in determining appropriate treatment options and to improve the quality of patient care. The PMP provides health care practitioners with a new health care tool. The PMP database assists practitioners in identifying potential diversion, misuse, or abuse of controlled substances by their patients while facilitating the most appropriate and effective medical use of those substances.

Health care practitioners who are authorized to prescribe or dispense controlled substances may obtain PMP information regarding their patients, or regarding patients seeking treatment from the health care practitioner, for the purpose of providing health care.

- Prior to being granted access to PMP information, a practitioner must submit a request for registration and program access. Information regarding this process is included on the reverse of this page.
- Registered practitioners may not share their access information and may not delegate access to an agent or another health care practitioner, except in emergency situations.
- A practitioner with Internet access may submit a request for PMP information via the program's secure website (see reverse of this page).
- A practitioner without Internet access may submit a written request for registration and PMP information on forms available from the Board via mail or via fax.

## **DENTAL BOARD [650]**

### **Notice of Intended Action**

Pursuant to the authority of Iowa Code section 147.76, the Dental Board hereby gives Notice of Intended Action to amend Chapter 11, "Licensure to Practice Dentistry or Dental Hygiene," Chapter 13, "Special Licenses," Chapter 25, "Continuing Education," and Chapter 27, "Standards of Practice and Principles of Professional Ethics," Iowa Administrative Code.

Item 1 of the amendments specify that applications are considered active for 180 days after receipt. An applicant who does not provide all requested materials or who does not meet the requirements for a license, permit, registration, or reinstatement within 180 days must submit a new application and fee. Items 2 through 6 require applicants for licensure or faculty permit to submit the results of a self-query of the National Practitioners Data Bank (NPDB) and the Healthcare Integrity and Protection Data Bank (HIPDB).

Item 7 of the amendments requires applicants for a faculty permit to successfully complete the jurisprudence examination administered by the board.

Item 8 of the amendments eliminates the requirement that board sponsors submit attendance records for continuing education courses. Continuing education providers must provide proof of attendance to course attendees and make records available at the request of the board.

Item 9 of the amendments clarifies that applicants for reinstatement of an inactive license must provide proof of current CPR to place their license on active status.

Item 10 of the amendments clarifies acceptable billing practices for a dentist.

Item 11 of the amendments clarifies that it is considered unethical and unprofessional conduct to prohibit a patient from filing a complaint with the board or cooperating with a board investigation.

These amendments are subject to waiver at the sole discretion of the Board in accordance with 650—Chapter 7. However, rules in 650—Chapter 27 are not subject to waiver pursuant to 650—27.12(17A,147,153,272C).

Any interested person may make written comments or suggestions on the proposed amendments on or before May 25, 2010. Such written comments should be directed to Jennifer Hart, Executive Officer, Iowa Dental Board, 400 SW 8th Street, Suite D, Des Moines, Iowa 50309-4687. E-mail may be sent to [Jennifer.Hart@iowa.gov](mailto:Jennifer.Hart@iowa.gov). Also, there will be a public hearing on May 25, 2010, beginning at 10 a.m. in the Board Conference Room, 400 SW 8th Street, Suite D, Des Moines, Iowa. At the hearing, persons will be asked to give their names and addresses for the record and to confine their remarks to the subject of the amendments. Any person who plans to attend the public hearing and who may have special requirements, such as those related to hearing or mobility impairments, should contact the Board and advise of specific needs.

These amendments were approved at the April 6, 2010, regular meeting of the Iowa Dental Board.

These amendments are intended to implement Iowa Code sections 153.33 and 153.34. The following amendments are proposed.

Item 1. Amend rule 650—11.1(147,153) by adopting a new numbered paragraph “3,” as follows:

3. An application for a license, permit, registration, or reinstatement of a license or registration will be considered active for 180 days from the date the application is received. If the applicant does not submit all materials, including a completed fingerprint packet, within this time period, or if the applicant does not meet the requirements for the license, permit, registration or reinstatement, the application shall be considered incomplete. An applicant whose application is filed incomplete must submit a new application and application fee.

Item 2. Amend subrule 11.2(2), paragraph “f,” as follows:

f. A statement disclosing and explaining any disciplinary actions, investigations, complaints, malpractice claims, judgments, settlements, or criminal charges, including the results of a self-query of the National Practitioners Data Bank (NPDB) and the Healthcare Integrity and Protection Data Bank (HIPDB).

Item 3. Amend subrule 11.3(2), paragraph “g,” as follows:

g. A statement disclosing and explaining any disciplinary actions, investigations, complaints, malpractice claims, judgments, settlements, or criminal charges, including the results of a self-query of the National Practitioners Data Bank (NPDB) and the Healthcare Integrity and Protection Data Bank (HIPDB).

Item 4. Amend subrule 11.5(2), paragraph “i,” as follows:

i. A statement disclosing and explaining any disciplinary actions, investigations, complaints, malpractice claims, judgments, settlements, or criminal charges, including the results of a self-query of the National Practitioners Data Bank (NPDB) and the Healthcare Integrity and Protection Data Bank (HIPDB).

Item 5. Amend subrule 11.6(2), paragraph “g,” as follows:

g. A statement disclosing and explaining any disciplinary actions, investigations, complaints, malpractice claims, judgments, settlements, or criminal charges, including the results of a self-query of the National Practitioners Data Bank (NPDB) and the Healthcare Integrity and Protection Data Bank (HIPDB).

Item 6. Amend subrule 13.2(2), paragraph “e,” as follows:

e. A statement disclosing and explaining any disciplinary actions, investigations, complaints, malpractice claims, judgments, settlements, or criminal charges, including the results of a self-query of the National Practitioners Data Bank (NPDB) and the Healthcare Integrity and Protection Data Bank (HIPDB).
